

A new report has been published in the Employment Programs folder.

Report Title: Monitoring Report 03: Participants Without a Completed WWP Informal Assessment

Location: DCF/ WISDOM/ Employment Programs/ W-2 Monitoring/ Application and Assessment

Background: With the implementation of WWP to replace the mainframe Informal Assessment screens, users needed a way to easily determine which participants have an incomplete (i.e., not yet submitted) informal assessment in WWP or do not have an informal assessment in WWP.

Description of Report: This report was designed as a temporary tool to assist W-2 agency staff in ensuring that all participants receive a new Informal Assessment in WWP within 6 months of WWP implementation. This report lists all Referred, Referral in Progress, and Enrolled participants who do not have an informal assessment in WWP or who have an informal assessment (initial or subsequent) that is still in progress.

As a secondary purpose, cases without a FEP assigned in WWP are designated with a "0" value in the FEP ID field.

This report only shows the current data (as of the previous daily data load). This report is not intended to show historical views of the data.

Input Controls: This report utilizes a number of input controls to assist W-2 agency staff in narrowing the focus of the report for dissemination. Input controls can be used to filter on W-2 Contract Agency, County, WP Office, or FEP ID.

More detailed documentation has been published at DCF / WISDOM / W-2 Monitoring/ Report Documentation.

This report has been added to the list of WebI report titles and folder locations within the Employment Programs folder, located at DCF/WISDOM/Employment Programs/Resources/WebI Report Names and File Locations for the W-2 Program and Employment Programs Folder Reorganization FINAL.
